directions: Determine the correct answer to each of the following, based on information derived from the article.

1. Understanding how people manage interpersonal relationships can help professionals structure a supportive environment for neurodivergent people.

2. Studies on different learning styles have shed light on neurodiversity.

3. Neurodiversity is a scientific concept that is independent of social environment and other factors.

4. Neurodivergent people often have unique strengths and needs.

5. Neurodivergent people may have strong attention to detail or information management skills, which can benefit many workplaces.

6. Neurodivergent people may be uncomfortable with job interviews, affecting their ability to succeed in hiring processes.

7. Accommodations and opportunities for neurodivergent people are not provided in the workplace.

8. The unemployment rate among people with autism is lower than the national average.

9. Asperger syndrome does not fall within the broad definition of autism because its symptoms vastly differ.

10. The COVID-19 pandemic necessitated adjustments in traditional workplace practices, which may benefit neurodivergent people.

11. Neurodiversity is a medical condition associated with a diagnosis of one or more neurological disorders.

12. The diversity, equity, and inclusion model has not sufficiently emphasized the need to accommodate neurodiverse people.

13. Neurodiversity benefits society just as biodiversity benefits ecosystems.

14. Neurodiversity programs and initiatives have made the greatest progress in benefiting employees in health care settings.

AAMA CMA Today CE Test
20 N. Wacker Dr., Ste. 1575
Chicago, IL 60606

Continuing education units (CEUs) are awarded based upon content, depth of article, learning outcomes, and length of time for completion per IACET (International Association for Continuing Education and Training) guidelines and criteria. IACET created the CEU for the purpose of providing a standard unit of measure to quantify continuing adult education. CEU value is awarded based upon the projected contact hours needed to complete the continuing education activity (e.g., 1 CEU equals 1 hour, or 1.5 CEUs equal 1.5 hours). CMA Today articles follow this standard for awarding CEU value.

The $20 or $30 is a test processing fee. A $25 administrative fee will be assessed for returned checks.

*Mail-in test deadlines are maintained for administrative purposes. Electronic test deadlines on the e-Learning Center will vary. The AAMA reserves the right to remove any course at any time.
