

SOUTH DAKOTA BOARD OF NURSING

4305 S. Louise Ave., Suite 201 | Sioux Falls, SD 57106-3115
605-362-2760 | <https://www.sdbon.org/>

Assignment and Supervision of Nursing Tasks to Medical Assistants by a Registered Nurse

The South Dakota Board of Nursing is authorized by the state of South Dakota, pursuant to SDCL 36-9-1.1, to safeguard life, health and the public welfare; and to protect citizens from unauthorized, unqualified and improper application of nursing practices.

The South Dakota Board of Nursing issues opinions as to what constitutes safe nursing practice. As such, an opinion is not a regulation of the Board and does not have the force and effect of law. An opinion is issued as a guideline to licensees who wish to engage in safe nursing practice, and to facilitate the delivery of safe, effective nursing care to the public.

Approval Date: May 11, 2022
Revised: November 16, 2023
Editorial Revision: November 2024

The South Dakota Board of Nursing has received inquiries regarding RN supervision of medical assistants. The Board issued the following:

Practice Statement

It is within the scope of a registered nurse (RN), pursuant to SDCL [36-9-3 \(7\) \(11\)](#), to assign and supervise nursing tasks to medical assistants in ambulatory or outpatient settings.

Purpose

The following guidelines are intended to promote safe assignments of nursing tasks to medical assistants.

Guidelines

A registered nurse may assign nursing tasks and supervise a medical assistant provided:

- The agency allows a medical assistant to provide nursing services in the practice setting;
- The medical assistant is certified with one of the following:
 - American Association of Medical Assistants (AAMA)
 - American Medical Technologists (AMT)
 - National Healthcareer Association (NHA)
 - National Center for Competency Testing (NCCT)
 - American Medical Certification Association (AMCA)
- Assigned nursing tasks are consistent with [Commission on Accreditation of Allied Health Education Programs \(CAAHEP\)](#) standards, with the exclusion of IV therapy;
- The medical assistant has demonstrated competency to perform the assigned nursing tasks;
- The supervising registered nurse is readily available either in person or via electronic communication.
